

Childhood Educators

Sorrento Community Centre (SCC) is seeking early childhood educators for our Early Learning Centre (ELC).

Educators, both Diploma trained and Certificate 3, looking for a unique workplace are invited to submit an expression of interest for a range of work opportunities at the Sorrento Early Learning Centre.

The Sorrento Community Centre is a well-established and professionally managed service, which is forward thinking in its operational and strategic planning. It promotes community participation, inclusion and lifelong learning. The Early Learning Centre is an integral part of the community centre and currently provides early childhood education and care for families with children 18 months to 5 years for up to 22 children.

Recently the centre has embarked on an extensive consultation process with our community. We are now poised and ready to implement more program choices for parents and to enrich the existing programs for children including the introduction of funded kindergarten. The position will suit educators who want to be part of this exciting expansion and work alongside our existing team.

The centre welcomes newly graduated educators, current experienced educators or those returning to their chosen profession. Certificate 3 qualified educators and students wishing to commence Diploma studies are especially encouraged to apply and be part of our Study Assistance Program.

For additional information about the Sorrento Community Centre and its Early Learning program go to:
